Please note that you will find pricing for each show is on the pricelist 2021.

Artist Pack 2, 3, 4 & 5

Artist Packs are an extendable gallery space for artists who wish to promote a body of wall hung work at The Art Show. Artists have the option to extend this gallery space to suit their individual needs by purchasing from two to five panels to create a smaller or larger gallery space. The number on the pack e.g: Artist Pack 2 equals the number of panels. Spotlights, powered site (to a lightbox, computer etc.), plinths are available to hire as options on the application link. We require the artist to be present at the show to curate and manage their own panels.

- Each panel measures 1.2 wide X 2.3 high. Please times the width by the number of panels required to work out the area of your panels in your artist pack.
- Storage space to store your excess work is available at the show.
- Individual artist signage, please let us know when you apply what name you require for signage and program.
- You may use the half metre space extending from your panel base to display work.
- You may bring your own small table/plinths/print racks to use. Be aware if you block the view to your neighbour's panels you may be asked to remove your table/plinth set up.
- We welcome artist demonstrations – let us know if you wish to demonstrate at the show.

- All Artist Packs have an artist pass that gives you entry to opening night and all show days. Check our price list to see if the pack you apply for has provision for an assistant at the show.

3D Packs
